## LOCAL SOCIAL EVENTS

Satterfield Martin.

Announcement has been made of the marriage of Miss Gaynell Satterfield and Stewart E. Martin which was solemnized on October 17 at the home of the bride. The bride is the daughter of Mr. and Mrs. S. E. Satterfield, of Harrisville, and the groom is the son of Mr. and Mrs. Otis F. Martin, of near this city. Mr. Martin recently returned from France where he had been in government service and since its return he has been associated with the Hope Natural Gas company. They have taken up their residence temporarily with the groom's sister, Mrs. Hugh Riggs and Mr. Riggs, at White Rock.

Moved to Town.

Major and Mrs. Earl H. Smith have closed their summer home on the Tygarts Valley river and taken up their residence again in Quincy street. Major Smith, who had been in Charleston for several days, has returned home.

Enjoyable Reception.

must be settled by a strict adherence to the sacred teachings revealed in the principles that underlie the religious structure of the United States.

The vice president was warmly applauded as he scored point after point and it was the concensus of opinion that this was perhaps the strongest talk oh Americanization yet given in this city. The speaker was introduced by Rev. H. G. Stocter.

Mr. and Mrs. Marshall arrived here last evening on the 6:17 train. The train was thirty minutes late and this interferred with a reception which was to have been held at The Fairmont.

Mr. and Mrs. Marshall arrived here last evening on the house cametery by Undertaker Lazer, of Manintron.

Pelted With Bugnets.

Jinks—You look dreadfully battered. What's happened?

Blinks—Why, that wouldn't mark you up in that manner.

Blinks—Oh, they were in the pots.

Mr and Mrs. Marshall expressed The Honorable Thomas Marshall, themselves as highly pleased with their reception here. A profusion of the United States, their reception here. A profusion of flowers sent to the Fairmont in their

A Happy Family

A happy family is one that can sit down to the table with keen appetites and good cheer. Plenty of the out-of-doors and cleanliness, inside and outside of the body will make for health, wealth and happiness. Your doctor will fell you that anything from a headache to the most serious illness may result from allowing food to ferment in the intestines. The first thing to do in case you feel mean, logy, dull, berhaps feverish, is to flush the liver and kidneys, drink printy of water, and take a dose of easter oil, or, something better, made of May-apple, aloin and jalap, and long sold by almost every druggist is Dr. Pierce's Pleasant Pellets. This may save you remove the poisons from the system and give from a fit of sickness, the tissues of the body a chance to build up and resist disease.

People are realizing more and more that the kidneys, just as do the bowels, need to be flushed occasionally. The kidneys are an eliminative organ and are constantly working separating the poisons from the blood. ! Uric acid backs up into one system, causing rheumatism, neuralgia, dropsy and many other serious disturbances.

This can be avoided by stimulating the kidneys to increased action, and because of its tonic effect on these organs I would advise any one to get Anuric (anti-uric-acid) which is to be had nowadays for sixty cents, at almost any drug store.

A Delightful Place to Rest

When you are down town on a shapping trip, stop in here and rest.

One of our delicious Soft Drinks of a dish of our pure Ice Cream will help to refresh you for the balance of the day.

Be sure to bring the children along for they will enjoy themselves, too, and Ice Cream is good for them. For home delivery, phone 213-R.

THE POWDERED FRESH MILK.

KLIM WHOLE MILK

is the product, resulting from the removal of was from highest grade milk, and contains not less than 26 per cent of Futurista is the powder. This whole

is the product resulting from the removal of war from his lest grade skimmed milk. This arm milk poddered is used by bakers and confection also is used by the cream manufacturer, and reameries for standardizing milk it is an grade fully for driping, cooking and baking in excellent flavor.

CLEANLINESS IN KLIM

sed or cream, for drinking and where high grade milk is wanted.

THE MILK OF THE FUTURE

in comparing Klim with other brands of powdered milk or dry milk, superiority is claimed for the following reasons: 1-Freedom from sediment,

2-Low percentage of moisture 3-True Milk Flavor.

Absence of undesirable bacteria

5-Proper percentage of butterfat.

6-Presence of Albumen in natural st AH these qualities are of high importance to the consumers, and each may be definitely determined by simple tests.

Test for sediment; mix and let stand.

Test for flavor; smell Moisture runs as low as 2 per cent in Klim. Undesirable bacteria changes the color and flavor t sour milk. Test for albumen: Mix a thick batter of powder-d mHk and water. Place on a tin and bake in

ed milk and water. Place on a tin and bake in hot oven Live "albumen will puff up, Dead" albu-men will be flat, being a dark inert mass. Physicians should make these tests, before pre-scribing powdered milk Alsi consumers of pow-dered milk may make them.

Klim is perfectly clean. No germs are in it. Klim will not sour or spoil. Mix what you need and a ways have fresh milk. There is no sickness turkin in Klim, or any danger. USE KLIM FOR THE BABY OR THE SICK

If you use milk from one cow, and this sick, the user of such milk may get a atoms planted, which may low up many years late WRITE FOR BOOKLET,
